

# Loquat Respiratory Syrup™ For Kids

## ***Tastes Great!***

- **Safe, natural support for respiratory health**
- **Specifically designed for children one year or older**
- **Highly potent botanical formulation**

As today's children continue to face health challenges, particularly in schools, more parents are turning to the safe efficacy of herbal formulas. Herbs have been potent, safe protectors of childhood health for centuries, but westerners are just beginning to appreciate their effectiveness.

LOQUAT RESPIRATORY SYRUP™ FOR KIDS combines loquat leaves, celebrated throughout Asia for their health benefits, with such Western botanicals as wild cherry bark and slippery elm. It is a highly effective tonic for respiratory health.

**PLANETARY™**  
**HERBALS**

*Expert Formulations – Exceptional Results*

In traditional Chinese herbalism, the **loquat leaf** (called pi pa ye) has been used to support healthy respiration. The leaves of the loquat are harvested year-round, and are traditionally used in teas and syrups to support a clear chest and lungs. Planetary™ Herbals combines the legendary benefits of the loquat with herbal extracts from worldwide sources for a powerful, effective tonic.

**Slippery elm bark** has been known in the U.S. for centuries by Native Americans and early pioneers. Highly mucilaginous in nature, slippery elm has been heralded by singers and voice teachers for its legendary support for healthy throats: tea made from the slippery elm root is a popular post-performance beverage.

Long treasured by the North American Chippewa Nation as support for respiratory health, the use of **wild cherry bark** was incorporated by European settlers into traditional American folk herbalism. Wild cherry bark also helps maintain healthy mucous surfaces.

## Additional Benefits

LOQUAT RESPIRATORY SYRUP™ FOR KIDS also contains **licorice**, appreciated throughout history and used for its strengthening properties. This formulation calms and relaxes the chest while clearing the throat and lungs.

Planetary Herbals integrates the best of worldwide herbal traditions with modern clinical and pharmacological research. The result is an herbal product line that is unequalled for efficacy, safety and dependability.
